

## SPECIES LIST - MOKOPUNA ISLAND

- |                                |                            |
|--------------------------------|----------------------------|
| Anagallis arvensis             | N Hymenanchera crassifolia |
| N Apium australe               | Lavatera arborea           |
| N Asplenium flaccidum          | Lolium perenne             |
| N Atriplex prostrata           | Lycium ferocissimum        |
| Bromus diandrus                | N Melicytus ramiflorus     |
| N Calystegia soldanella        | N Myoporum laetum          |
| Capsella bursa - pastoris      | N Phormium tenax           |
| Chrysanthemoides monolifera    | N Pittosporum crassifolium |
| N Colobanthus muelleri         | Plantago coronopus         |
| N Coprosma repens              | Polycarpon tetraphyllum    |
| N Cordyline australis          | N Ranunculus acaulis       |
| N Craspedia uniflora           | N Sarcocornia quinqueflora |
| <del>N Crassula moschata</del> | N Senecio lautus           |
| N C. sieberiana                | Spergularia rubra          |
| Dactylis glomeratus            | N Tetragonia trigyna       |
| N Einadia triandra             |                            |
| Glaucium flavum                |                            |
| (= Rhagodia triandra)          |                            |
