

## WANGANUI PLANT LIST 135

### List of vascular plants for Moawhango Valley Rd Bush, Moawhango Rangitikei Ecological District.

NZMS 260 T21573725

Vivienne Nicholls, Henry Dorrian, Douglas Gordon

18 April 2001

This is a mixed podocarp and broadleaf remnant of approximately 5 ha on river terrace bordering the Moawhango River. It has many divaricating shrubs including a large population of *Coprosma virescens*. This remnant is also the only known site of *Pseudopanax ferox* in the Wanganui Conservancy.

#### GYMNOSPERM TREES

Dacrycarpus dacridioides	kahikatea
Podocarpus totara	totara
Prumnopitys taxifolia	matai

#### MONOCOT TREES AND SHRUBS

Cordyline australis	cabbage tree, ti kouka
---------------------	------------------------

#### DICOT TREES AND SHRUBS

*Acacia dealbata	wattle
Carpodetus serratus	putaputaweta
Coprosma crassifolia	
Coprosma propinqua	
Coprosma rhamnoides	
Coprosma rubra	
Coprosma virescens	
Coprosma propinqua x robusta	
Hoheria populnea	houhere, lacebark
Leptospermum scoparium	manuka
Lophomyrtus obcordata	rohutu
Melicytus micranthus	small leaved mahoe
Melicytus ramiflorus	mahoe
Melicope simplex	
Myrsine divaricata	weeping matipo
Nestegis cunninghamii	blackmaire
Pennantia corymbosa	kaikomako
Plagianthus regius	
Pseudopanax crassifolius	lancewood
Pseudopanax ferox	
*Sambucus nigra	elder
Sophora microphylla s.s.	kowhai

#### DICOT LIANES

Clematis forsteri	
Convulvulus tugoriorum	
Muehlenbeckia australis	pohuehue
Muehlenbeckia complexa	pohuehue
Parsonsia heterophylla	NZ jasmine
Rubus cissoides var. cissoides	bush lawyer

#### DICOT HERBS

Acaena sp	
*Arctium minus	Burdock
Dichondra sp	
Urtica urens	nettle

#### FERNS

Asplenium gracilinum	
Blechnum fluviatile	
Dicksonia fibrosa	
Pellaea rotundifolia	button fern
Pyrrhosia eleagnifolia	leather-leaf fern
