Flowering Plants

- y Acaena sp. (bidibid)
- Alectryon excelsum (titoki)
- Beilschmiedia tawa (tawa)
- Brachyglottis repanda (rangiora)
- y Centella uniflora
- Coprosma ~~delatata~~ areolata
  - australis
  - crassifolia
  - cunninghamii
  - propinqua
  - rhamnoides
  - robusta
- Dysoxylum spectabile (kohekohe)
- Dacrydium cupressinum (rimu)
- Earina mucronata (anorchid)
- Fuchsia excorticata
- Geniostoma ligustrifolia (hangehange)
- Griselinia lucida (puka)
- ~~Hydrocotyle~~
- y Hydrocotyle moschata
- Hedycarya arborea (pigeonwood)
- Knightia excelsa (rewarewa)
- Laurelia novae-zelandia (pukatea)
- Macropiper excelsum (kawakawa)
- Melicytus ramiflorus (mahoe)
- x Metrosideros diffusa (climbing rata)
  - fulgens " "
  - perforata " "
- x Muelenbeckia australis
- Myoporum laetum (ngaio)
- Myrsine australis (mapau)
- y Oxalis sp.
- Paratrophis microphylla (milk tree)
  - banksii " "
- x Parsonsia heterophylla
- x Passiflora tetrandra
- Pennantia corymbosa (kaikomako)
- Pittosporum tenuifolium (kohuhu)
- Podocarpus dacrydioides (kahikatea
  - or white pine)
  - ferrugineus (miro)
  - spicatus (matai)
  - totara
- Pseudopanax arboreum (fivefinger)
  - crassifolium (lancewood)
- x Rubus cissoides (lawyer)
- Schefflera digitata

x Climbing plants

y Herbs

Ferns

- Adiantum cunninghamii
  - (maiden hair)
- Asplenium bulbiferum
  - (hen and chicken)
  - flaccidum
  - hookerianum
  - lucidum
  - falcatum
- Blechnum chambersii
  - filiforme
  - membranaceum
  - capense
- Cyathea ~~delatata~~ dealbata
  - (silver tree-fern)
  - medullaris
    - black tree-fern)
- Dicksonia squarrosa
- Hymenophyllum demissum
  - ( a filmy fern)
- Hypolepis tenuifolium
- Lastreopsis glabella
  - microsora
- Pellaea rotundifolia
- Phymatodes diversifolium
  - scandens
- Pneumatopteris pennigera
- Polystichum richardii
- Pteridium esculentum
- Pteris macilenta
  - Tremula
- Pyrosia serpens
- Rhumora hispida
- Todea hymenophylloides

Native plants in Porirua Revealed Reserve off Gillies Place

230 060

Forest Remnant & regenerating scrub  
 Main canopy trees are Tawa, Kahikaha, Huan, Mahoe. Some  
 of the largest trees are Huan. Several reglang, Ngairo (N)  
 Some few sized young Kahikaha (K), Mataki (Ma) and one  
 Miro (Mi) and Rimeu (R) were located, also a large

Tree of  
 Milk Tree,  
 Parasitaphes  
 Banksii (Pa).

Gillies Pl

A sprouting stem of  
 P. Banksii (P)  
 and a seedling  
 were the only ones of this  
 species seen.  
 One small T. tara (T)  
 was seen. Three holly (H)  
 trees show up prominently  
 from the western boundary  
 of Gillies Place.

Recreation Reserve off Gillies Pl., Porirua

Forest remnant and regenerating scrub. Main canopy trees are Tawa, kohekohe, hinau, mahoe. Some of the largest trees are hinau. Several very large ngaio (N), some fair sized young kahikatea (K), matai (Ma) and one Miro (Mi) and Rimu (R) were located, also a large Turēpo or milk tree, ~~Paratā~~ Paratrophis banksii (Pa). A sprouting stump of Pukatea (P) and a seedling were the only ones of this species seen. One small totara (T) was seen. Three holly (Ho) trees show up prominently from the western boundary at Gillies Place.
