

A preliminary checklist of indigenous vascular plants at Pounui Lagoon, Wairarapa Plains

Checklist based on a plant survey undertaken by John Sawyer and Aalbert Rebergen (Department of Conservation, Wellington Conservancy, P.O. Box 5086, Wellington) on Tuesday 28th January 1997. The attached map indicates the area inspected during the five hour survey. Species richness:

Monocot trees

Cordyline australis

Dicot shrubs

Cassinia leptopylla

Coprosma propinqua x *robusta*

Leptospermum scoparium

Plagianthus divaricatus

Dicot lianes

Calystegia sepium (flowers pink)

Grasses

Cortaderia toetoe

Sedges

Carex sp

Carex sp

Cyperus ustulatus

Eleocharis acuta

Isolepis cernua

Isolepis nodosa

Isolepis prolifer

Scheonoplectus pungens

Ferns

Blechnum minus

Hypolepis ambigua

Rushes and allied plants

Juncus articulatus

Juncus caespiticus

Juncus maritimus var *australiensis*

Juncus pallidus

Juncus planifolius

Leptocarpus similis

Monocot herbs other than orchids, grasses, sedges and rushes

Lepilaena bilocularis

Phormium tenax

Potamogeton pectinatus

Ruppia megocarpa

Ruppia polycarpa

Triglochin striatum

Typha orientalis

Dicot herbs other than composites

Apium prostratum ssp.

Centella uniflora

Crassula kirkii

Eryngium vesiculosum

Hydrocotyle novae-zelandiae

Hydrocotyle pterocarpa

Lileopsis novae-zelandiae

Lobelia anceps

Mimulus repens

Myriophyllum triphyllum

Rorippa palustris

Rumex flexuosus

Samolus repens var *repens*

Selliera radicans

Adventive plants recorded at Pounui Lagoon

Veronica anagalis veronica

Mimulus guttatus

Lythrum hyssopifolia

Trifolium repens

Agrostis stolonifera

Lotus pedunculatus

Senecio jacobaea

Galium palustre
