RUAMAHANGA TERRACES

Site description

Preliminary checklist of indigenous vascular plants

Gymnosperm trees

Dacrycarpus dacrydioides

Podocarpus totara

Dicotyledon trees

Alectryon excelsus

Lophomyrtus obcordata

Myoporum laetum

Nestegis lanceolata

Nestegis montana

Pennantia corymbosa

Pittosporum obcordatum (one male)

Sophora microphylla

Streblus heterophyllus

Dicotyledon shrubs

Carmichaelia australis

Coprosma crassifolia

Coprosma rubra

Coprosma virescens (7 individuals)

Ileostylus micranthus (on *Coprosma crassifolia* and *Coprosma virescens*)

Korthalsella lindsayi (on *Muehlenbeckia australis*, *Coprosma virescens*, *Coprosma crassifolia* and *Myrsine divaricata*)

Melicytus micranthus

Myrsine divaricata

Dicotyledon lianes

Muehlenbeckia australis

Parsonsia heterophylla

Rubus schmidelioides

Ferns

Asplenium hookerianum

Asplenium fabellifolium

Polystichum richardii

Grasses

Poa imbecilla

Dicot herbs

Cardamine debilis

Epilobium nummularifolium

Oxalis exilis

Stellaria parviflora

Pest plants

Sambucus nigra

Rosa rubiginosa

Clematis vitalba

Cytisus scoparius

Salix fragilis

Ulex europaeus
